

CHS Compliance

*Compliance Requirements for
UK Physician Assistant Students*

Welcome to CHS and the UKPA Program!

All students in the College of Health Sciences are required to have **full background checks** and ten-panel **drug screenings** before beginning a CHS program. The college works with a company called [CastleBranch](#) (owned by DISA Healthcare) to meet these requirements.

Students are also required to submit proof of **immunizations** and other **program-specific requirements**.

Your CastleBranch (myCB) account will house all clinical and programmatic requirements in one convenient location.

It is **the student's responsibility** to upload documents in accordance with requirement details. The **CHS Compliance Team** monitors and reports compliance status to the department.

You received your
Welcome Email?

Congrats!

Now is the time to
get started!

CastleBranch Compliance Accounts (myCB)

View of the myCB2 homepage:

myCB

Welcome to myCB

Your school program or employer requires you to use myCB to complete essential background checks, drug screenings, or other core compliance tasks. If you have any questions, please [contact our support team](#) for assistance.

Step 1

Login or Create a New Account

Enter your account credentials or create a new myCB account to begin.

Step 2

Place Your myCB Order

Order the required background check or compliance tracking based on your institution's needs.

Step 3

Complete Requirements

Submit the required documents, track your progress, view results, and share your completed documents.

If you have an existing account and this is your first time logging into the upgraded platform, [CLICK HERE!](#)

Overview of Requirements & Due Dates

Screenings - Due November 1

- Full Background Check
(initiated with purchase of CastleBranch package)
- 10-Panel Drug Screening
(registration form available after package purchase)

Clinical Requirements – Due January 1

Initial

- Required vaccine/immunization records
- Blood Borne Pathogens Training
- Discrimination & Harassment Prevention Training
- HIPAA Certification *(part of the Discrimination training above)*
- Commitment to Behavioral Standard in Patient Care
- OLE Orientation Guide
- HIPAA Acknowledgement Form
- UK Code of Student Conduct

Initial (also Annual/Periodic Renewal)

- Health Insurance
- Seasonal Influenza Shot
- Tuberculosis (TB) Testing
- CPR (BLS) Certification
 - *Must be Basic Life Support for Providers from the American Heart Association; good for 2 years*

Later*

**These will show up in your initial To-Do List but won't be due until the second year of your program!*

- ACLS Certification
- CPI/NCI Certification

Don't stop here! Keep reading to find the step-by-step instructions for properly opening your account!

Getting Started with CastleBranch

BEFORE YOU BEGIN

There are two types of students completing compliance requirements:

I am NEW to CHS and I've never had a CHS CastleBranch account!

→ Follow the [New Student](#) step-by-step instructions.

I have (or had) a CHS CastleBranch account before!

- Examples:
 - I changed majors/programs within the College of Health Sciences (CHS).
 - I was in CHS, but left and later returned.
 - My previous CHS account was archived.
 - I'm entering a graduate program after completing a CHS undergraduate program that required a Castlebranch account.

→ Follow the [Returning Student](#) step-by-step instructions.

Knowing which category you fit into will save time and prevent ordering the wrong package!

NEW Students: Create Your Account

Step 1: Create your myCB account

- Go to <https://mycb2.castlebranch.com/onboard/sign-up>
- Use your **@uky.edu** student email address
- Follow the prompts to create your account

Helpful resources:

- [Creating your myCB2 Account](#) video

RETURNING Students: Access Your Existing Account

Step 1: If you've **previously had a CastleBranch account** with the College of Health Sciences

- Visit <https://mycb2.castlebranch.com/>
 - At the bottom of the page, select the **"Click Here"** link for existing users
 - Log in using your previous CastleBranch credentials
 - Select the **myCB** tile
 - Access **myCB2**
 - Create a **new password** for the updated platform

If your account has been archived or you have changed programs, do not create a new account.

- Instead, contact the chs-compliance@uky.edu so your account can be:
 - Unarchived, *and/or*
 - Transferred into your new program.
- You can tell if your account has already been transferred by looking for your new program in your To-Do Lists (list icon in the lefthand menu of the myCB dashboard)
 - **Make sure you click on the PAS program's To-Do List so that you see the correct requirements!**
 - HHS is shown in this example, but **you'll want to click on your CLINICAL REQUIREMENTS UK42 order** to see the PAS requirements

Order Your Compliance Package

NEW Students

- **Step 2:** Navigate to the [Order Placement portal](#) from the myCB2 dashboard
- **Purchase the required PAS package** using code: **UK42**
 - The cost is approximately \$125 and covers a background check, drug screen, and medical document manager

RETURNING Students

- **Step 2:** Remember to email chs-compliance@uky.edu to request your existing CHS account be transferred into your current program.
- If you are entering the PAS program after previously completing a CHS undergraduate program, you will need to **purchase a new/recheck PAS background check and drug screen.**
 - Navigate to the [Order Placement portal](#) and use code: **UK42redt**
 - The cost is approximately \$70
 - Your account transfer does not need to be completed before this purchase

Helpful Resource:

[Placing an Order with a Package Code](#) walkthrough

Complete Your Background Check and Drug Screen

All Incoming PAS Students

Step 3: Background Check

- You'll enter the information for your background check when placing your package order (see [previous slide](#)).
- Before submitting, verify:
 - Your Social Security Number is correct
 - Your legal name is spelled correctly

These are the two most common reasons for delays!

Step 4: Drug Screen

- **Download your Drug Test Registration Form**
- Schedule an **Employment Drug Screening - Urine** test at [any LabCorp location](#)
- Bring the registration form with you to your appointment – this will ensure the results go directly to your myCB account!

Notes and Helpful Resources:

- LabCorp is the **only** CHS-approved testing facility!
- Drug screen registration expires **6 months** after your order date.
- If you take prescription medications that may affect your results, have your medication information available. CastleBranch/DISA Healthcare will contact you if additional information is needed.
- [Downloading your Drug Test Registration Form](#) walkthrough
- [How to Complete your Drug Screen](#) video

Complete Your To-Do List

All Incoming PAS Students

Step 5: Upload all required compliance documents.

- You may upload documents in either of two ways:
 - **Option 1** - Use the Document Center
 - [Documents Center](#) walkthrough
 - **Option 2** - Upload directly to each individual requirement
 - [Uploading Documents to a Specific Requirement](#) walkthrough
 - [Uploading to a Specific Requirement](#) video

Documents not uploading? Make sure they meet the size and file-type requirements. If items disappear after uploading (don't change status to "pending review"), please email us at CHS-compliance@uky.edu for assistance.

**The next slides contain
helpful tips for the various
compliance requirements!**

Vaccine Records

Initial Vaccine Records

Submission of complete vaccine records will satisfy this requirement; no annual renewal is needed for the following:

- ✓ **MMR (Measles, Mumps, & Rubella)**
2 dose series or positive titer
- ✓ **Hepatitis B**
3 dose series or 2 dose of Hepsilav (Adjuvanted)
Series “in process” requires documentation of the first 2 vaccines.
- ✓ **Varicella (Chicken Pox)**
2-dose series, or positive titer, or medical documentation of disease
- ✓ **Tdap (Tetanus, Diphtheria, & Pertussis)**
1 vaccine dose at any time in lifetime

Vaccines can be administered at any healthcare provider of your choice or by University Health Services. Appointments can be made by calling 859-323-2778

Annual Vaccine Requirements

- ✓ **Flu vaccine** – DUE 10/15 every year

Current season vaccine required (Sept – Mar each year).

Documentation must include date of administration, vaccine lot and expiration date, and provider details.

**NOTE: A receipt from the pharmacy is not sufficient information. Please ask your provider for a more detailed record.*

- ✓ **COVID-19 (Optional for students)**

Your myCB account has a location to upload COVID vaccine records. This is **NOT** a mandatory vaccine by CHS or UKHC.

CHS does not monitor this vaccine entry, nor will a student obtain a hold on their account for an incomplete entry. Students may choose to upload their COVID-19 vaccine information in the same system as their other records, for convenience.

TIP!! If you were born in Kentucky in 2005 or later, you may be able to find your childhood vaccination records in the Kentucky Immunization Registry at <https://kyirpublicportal.ky.gov/> (other states may have similar digital registries)

Trainings

1. Bloodborne Pathogens Training

- Complete the [Bloodborne Pathogens Training](#) and upload copy of your UK Bloodborne Pathogens Certificate of Completion to this requirement; student name must be included.

2. Discrimination & Harassment Prevention Training, and HIPAA Certification

- Select this [link to enroll in a Canvas course](#) in which you will complete your Discrimination and Harassment Prevention training, as well as your HIPAA certification.
- Follow the link, **enroll in the course using your LinkBlue ID**; click “**Assignments**” and complete both trainings.
 - When you are finished, go to the “**Grades**” tab and make sure that you have **100 out of 100** for both trainings. Click “**Print Grades**” and select “**Save as PDF**”.
 - **You will upload this PDF document to both your HIPAA and Discrimination training requirements on CastleBranch.** Make sure that your grades and full name are easily visible on the document.
 - HIPAA and Discrimination trainings can be accepted without a "date of completion". The date of upload may be used for the "administered date."

Consent Forms

Each of the policies and forms to the right can be found at:

[CHS Student Policies, Standards, and Forms](#)

Upload each as a **signed and dated PDF** (MM/DD/YY) to your MyCB account when completed.

Photo images of the forms may be accepted if they are legible.

- ☐ Commitment to Behavioral Standard in Patient Care
- ☐ HIPAA Education and Consent (HIPAA Acknowledgment)
- ☐ OLE Orientation Guide
- ☐ UK Code of Student Conduct

Personal Health Insurance

1. Submit a legible copy of the **front AND back** of your current health insurance card or proof of coverage.
 - TRICARE/CHAMPVA members without a card: submission of your valid military ID (front and back) is required.

2. Is **YOUR NAME** listed on the front of the card?
 - **YES:** Card can be uploaded as is. No additional action is required.
 - **NO:** Additional documentation of dependent coverage is required.
 - This can be a 1095-C tax form, letter from your insurance, an EOB, or screenshot of insurance website showing your name, the name of subscriber, and plan name.

Tuberculosis (TB) Testing

****RETURNING STUDENTS:****

If you were up-to-date with TB skin test renewals in your undergraduate account, you may continue with the annual 1-step TB testing process.

Option #1 – Recommended by program

IGRA Blood Test

Ask your provider for the TB IGRA blood test (lab order and blood draw). You do not need any documents from CHS to have this completed, nor can CastleBranch or CHS provide a lab order for this test.

- *Remember to confirm whether this testing is covered by your health insurance, as you will be responsible for any associated cost.*
- Upload your test results/medical record with a NEGATIVE result to your myCB account. Records must always include 2 patient identifiers (name and DOB).

Option #2

Two-Step TB Skin Test (TST)

- **Requires 2 full testing procedures** – resulting in 2 negative results.
 - (4 visits total to your provider: 2 administrations + 2 readings at least 1 week apart *but no more than* 12 months apart.)
- If you have had a negative TB test in the past 12 months, this can be used as the first result.
- Please visit [CHS Compliance FAQs](#) on “What is a TST?” to ensure you are completing this test correctly.

You can get a TB test at any medical provider of your choice
or

University Health Services (**UHS**) will provide TB skin tests to students. Call [859-323-2778](#) or schedule through your MyChart account or mobile app.

If you test positive (or have had a previous positive result), please follow the directions found in the TB requirement information in your myCB To-Do List.

How to download test results & immunizations from your UK Healthcare (MyChart) account

Not sure how to set up your
MyChart account? Check out
their FAQ [link](#).

Please try these instructions for finding vaccines done at UK Healthcare:

In My Chart->Menu->Health summary->Immunization tab

If you got your TB test at University Health Service:

1. Log in or sign up for MyChart:
<https://mychart.uky.edu/MyChart/Authentication/Login?>
2. Click 'Test Results' on the top menu bar

3. Click on the TB Skin Test you would like to upload
4. Click the printer icon in the top right corner

5. Click 'print this page' at the top of the page

Print this page | Close this window

6. Under 'destination,' select 'save as PDF'

7. Save your results as a PDF on your computer and upload to CastleBranch
8. For Blood tests you may need to click on the NIL for results to be listed.

CPR Certification - PA

American Heart Association (AHA) BLS Provider Course

- [Click to find AHA Training Courses](#)
- Alternatively, a Google search for AHA BLS for providers in your area will also show a listing of options for training with an instructor.
 - The skills portion for this CPR training MUST be in-person – *not* online - to be accepted.
- You will receive an e-card once course has been successfully completed; upload this card to your myCB account.

AHA is the only accepted certification for this training!

That's everything you need!

Here are some tips & troubleshooting ideas:

Always go back and check that your submission was uploaded!

- Often an error message is overlooked, and students become overdue with an item that they believe was successfully submitted; properly uploaded items will briefly show a status of “Processing” before changing to “Pending Review.”
- Items with a **Rejected** status need to be reviewed and potentially resubmitted as requested in the reviewer's comments.

Pay close attention to the **requirement details**!

- Do your forms have your NAME, DOB, current DATE, test results, etc. on them?
- Did you fully complete the forms?
- The best way to find **ALL the details** of a requirement is in your myCB account.
 - Each requirement has FULL details for a successful submission.
- Is your document **legible**?
 - Hard-to-read, or too-small images will be rejected by CastleBranch reviewers.
